

Letter from the Editor

Dear Mr. XXX,

Thank you for using our editing service. I hope our work meets your expectations.

The edited file contains my comments. It is important that all of them be addressed before the document is put to its intended use.

In case you make further changes, consider our discounted Multiple-Round Editing (MRE) service for a polished final document.

This file contains notes on issues not addressed in the edited file. Please go through them carefully.

I look forward to working with you again.

Sincerely,

Your editor

Figures and Tables

Since the figures and tables are embedded in this document, I have been unable to edit them. Therefore, I suggest the following:

- **All figures:** The word "Befere" should appear as "Before."
- **Figure 2:** Provide a space before and after the equality sign (=), i.e., "N=22" and "N=21" should appear as "N = 22" and "N = 21" respectively.
- **Figure/Table 3:** Please replace "Trust Relationship among residents" with "Trust Relationship among Residents" and "Outside Stimuli (Collaboration with outsiders)" with "Outside [or External] Stimuli (Collaboration with Outsiders)."

Message from editage

For future assignments, if you desire a more in-depth edit that includes checks for logic, structure, and flow, I recommend our Premium Editing Service (PES). As part of PES, you will also receive a cover letter, two reports (EditageReport and Document Scorecard), and unlimited rounds of editing.
